Our Employees!

As a full-service bank, we know how important it is to offer our customers the wide variety of services they need and have come to expect. We take that same approach with our employees, by offering the most competitive compensation and benefits program we possibly can.

This brochure highlights the wide range of benefits available to our employees during 2009. Integra's benefits programs are available to full-time employees (those who are regularly scheduled to work 35 or more hours per week), and many of these programs are also available to part-time employees (those who are regularly scheduled to work 20 or more hours per week).

Programs that are available to part-time employees will be noted as such or by reference to "all employees." Temporary and on-call employees are not eligible to participate in any of Integra's employee benefit programs.

**Enclosed is a brief summary of benefit programs prepared by
Integra Bank Human Resources Department.**

**Details about each program's eligibility requirements,
coverage provisions and limitations are provided to
employees during the orientation process.**
